21st September 2018

Dear Parents/Guardians,

At Gorse Hill School, we are always looking for ways to extend your child's learning, both in school and at home. One of the ways we do this is by using online tools such as Education City.

Education City is a fantastic resource which some children may have access to during school times to both consolidate and improve their learning. It has a wide range of games and activities in English and Maths to help your child revise and improve their understanding in all areas of the curriculum. We are pleased to announce that this year we are continuing our subscription with Education City and have paid for your child to be able to access this brilliant resource at home.

To use this resource at home, your child will need their Username and Password which they have been given by their teacher on a Login card.

Below you will find instructions on how to use Education City at home.

Please encourage your child to use Education City at home as much as possible. It is a great way of extending their learning whilst also having fun!

Thank you for your continued support,

Mr Pryce
Year 3 Teacher

How to use Education City

- 1) Go to the website www.educationcity.co.uk
- 2) Select Login
- 3) Type in the Username and Password from your Login Card
- 4) Select the Subject you want to do
- 5) Select your Year Group
- 6) Select Activities (although you can use the other options like Learn Screens, Topic Tools or Tests)
- 7) Choose the activity you want to play
- 8) **Have fun!**
