## **A big Hello! to all of our new children and their families**

I am so excited to be able to welcome you to Gorse Hill Primary School and Nursery. We have such lovely staff and they are looking forward to sharing their day with you. They love reading stories, playing outside and playing games with all of our children. They work hard to make the learning environment welcoming and fun with lots of colour, new activities every day and interesting ideas that create curiosity in our children.

The children's safety and happiness is a top priority in our nursery and school. We want all of the children to learn in a space that allows them to explore and to be independent. With this in mind, the children are encouraged to have a go, try new things, and if they find it challenging, we support them in succeeding in their own time. Where mistakes are made we turn these into a learning experience so no child feels that they cannot achieve. During the year you will be invited in to share the many highlights and learning that your children will experience, we hope that you will join us.

We also have support for families. If you have anything that you are worried about or need some help with we can offer 1:1, group or outside help should it be needed.

We hope that you and the family have a super experience during your time at Gorse Hill and we are looking forward to working with you.

Debbie Marklove  
Principal
