

PE and Sport Premium

Academic year 2016-2017 Gorse Hill Primary School

Sports Premium 2016-2017 – Allocation of £9812

How the 2016-2017 PE and Sport Premium was spent:

- Contribution to keep the employment of a Primary PE Teacher to continue leading development of the sports curriculum across the school.
- Increasing participation opportunities.
- Running and participating in sporting competitions between local schools.
- Affiliation to local sports associations (Fortius PE)
- Providing swimming lessons for children in Gorse Hill.
- Running after school clubs.
- Providing new sport equipment.
- CPD and courses courses.

Evaluation Academic Year 2016-2017

During the 2016-2017 academic year the PE and Sports Premium funding was used to maintain and enhance the outstanding provision in PE and school sport.

Impact

We are delighted to have achieved the Sainsbury's School Games GOLD Award.

The children have worked extremely hard throughout the year across a vast range of sporting events. They have increased their participation in school sport from the previous year and are developing a healthier lifestyle. We have had many successes in our sporting events and are very proud of their achievements. A fantastic result and thank you to all the members of staff who have supported the events and assisted with transport.

Skill Levels:

P.E has been taught to all children from Reception to y6 which has enabled the children to acquire, develop and build upon the many key skills to a high level. As each year goes by, more and more children progress through the school displaying greater confidence in their own abilities and demonstrating sporting talents in a wide range of areas.

Participation:

During the 2016/2017 academic year, 104 between KS1 and KS2 children represented Gorse Hill at sports. The vast majority of competitions exist for children in Years 3, 4, 5 and 6.

Our major successes were the Year 5/6 Netball Team winning the Central League competition.

We also won most of the WHF Competitions: Football, basketball, hockey, netball.

Children throughout the school were given the opportunity to participate in intra and extra-curricular clubs provided by our dedicated PE teacher and other qualified teaching staff. These included a basketball club, a netball club, a cross country club, a football club, a tag rugby club and a running club.

Five children were chosen to represent Gorse Hill in the Gifted and Talented (Year 5) competition held in Swindon. More than one hundred children participated from schools across Swindon. Our children exceeded our expectations as all five were placed in the top twenty. Of those five children, three were placed in the top ten. The child that accumulated the most points was from Gorse Hill.

PE and Sport at Gorse Hill Primary School.

At Gorse Hill, PE and sport are seen as playing a vitally important role in pupils' development as rounded and physically active young people. In recent years, a substantial amount of money has been allocated towards teaching expertise and resources.

PE is taught to all children, from Foundation Stage to Year 6, enabling them to develop good basic skills at a young age, which they then build upon as they move through the school, through a carefully structured and challenging programme. Gorse Hill aims to provide children with positive experiences which will develop an enthusiasm in the children which will see them inspired and involved in sport for many years to come.

At Gorse Hill, we offer a wide variety of individual and team activities: traditional and sports hall athletics, basketball, bench ball, cricket, cross country, dance, football, gymnastics, netball, rounders, rugby, swimming, tennis, hockey, handball. We also appreciate the effect of physical activity on enabling children to focus and engage in their learning.

In addition, during the PGL residential week, the children in Year 6 are given the opportunity to enjoy different sporting activities. These include: abseiling, archery, climbing, raft building, zip wire, and many other team building challenges. This has always proved highly successful with children both developing new skills and showing a significant increase in confidence and self-esteem.

The opportunities for children to take part in a wide variety of afterschool sporting clubs had increased dramatically since 2014 and many children take advantage of this. In 2013 the number of pupils taking part in school competitions and clubs was significantly low with clubs numbers not reaching 10 pupils. This year (2017) clubs continue to grow in popularity with Mr Montero providing multisport clubs afterschool. At Gorse Hill, the provision for sports outside of school has two main objectives. One is to provide as many opportunities as possible for children to enjoy the thrill and excitement of

competition, as well as the pride of representing their school. The other is meeting the challenge of providing the children who have been identified as 'gifted and talented' with opportunities to extend themselves in competition against similar children from other schools. As a result, each year we enter teams into as many competitions as possible.

Providing sufficient opportunities for competitive sport to meet the depth of enthusiasm from the children presents its own challenges. Within primary sport locally, only cross country (years 3-6) and football (years 5-6) have a season of any real length. As a result, in both sports, anybody that would like to run or play is given the opportunity to do so. In other sports, the season is either very short or based simply around one competition. Gorse Hill therefore enters as many teams as we are eligible to, or are able to provide staffing for, to maximise opportunities for all children.

When a selection process is required, selection is based upon a number of factors:

- Effort and performance in P.E lessons
- Attendance and commitment to the sport
- Showing good sportsmanship and attitude to others
- Sharing opportunities equally between children displaying similar talents or attributes.
- Providing opportunities for children identified as 'gifted and talented' in specific sports.

Sports Premium Allocation April 2017 – April 2018: £19,570

| Area Targeted | Cost | Desired Impact |
|--|---------|--|
| We will continue with contribution to the employment of the PE specialist. | £10,000 | Continue leading the development of the sports curriculum across the school. Improve staff confidence in delivering quality PE lessons. Ensure that progress across the school is effectively measured. Continue to promote healthy lifestyle choices for all children |
| Sport TA to support PE Leader | £2,300 | Encourage physical activity in the school, so children are motivated with healthy minds ready to learn and thrive. |

| | | |
|---|--------|--|
| | | <p>Incorporate physical activity across the curriculum</p> <p>Engage parents in promoting healthy lifestyle choices alongside their children</p> <p>Ensure that children enter education with a good foundation in physical activity</p> |
| We are aiming to secure the Sports Kite Mark in 2018. | £300 | Celebration and recognition of the profile of PE at our school. |
